Some parents have found that a combined program of social skills therapy and day camp worked well for their child. The first step in the enrollment process is to schedule an intake conference with me. At this conference we will discuss your child's strengths and needs, and carefully place him/her in our program. You can find enrollment forms on our website www.wmlc.biz that will provide us with important information about your child, you, and your family. We would also appreciate receiving copies of your child's most recent assessment, most current IEP, and their latest school picture. Please bring this information to the intake conference. We keep all information confidential and use it only to make appropriate placement and service decisions for your child.

Please do not hesitate to email or call me with any questions or concerns. Have a great day!
